International BODH (12th – 15th April, 2014)

An “International Bodh” was held over 4 days for European participants from Germany, Switzerland, United Kingdom and Italy. The success of this Bodh was made possible due to the tireless efforts put in by Mitra Kaivalyaji and Mitra Silvanoji over the past few months. Day 1 saw participants putting forth their questions, concerns and doubts to Dadashreeji who answered each question patiently and with deep love to the entire satisfaction of the questioner and the rapt audience who heard each word eagerly. The transformation process had started! By the last day, faith, confidence and unconditional love towards our Master Dadashreeji had found a place in the hearts of each of the participants. Strangers just a few days prior, each had found his or her Master in Dadashreeji. Tears of joy rolled down their faces in this knowledge. None wished to leave the Ashram at the end of the Bodh - as going away from this heaven was painful.

Experiences & Testimonial:

During the process of “Sowing the Seed of Divine Intelligence” an Italian seeker felt her heart open spontaneously receiving and establishing our Master Dadashreeji as her “Antaryamin” (indweller). Another seeker from Germany who on day one had declared that she only believed her mind, was dismayed and yet ecstatic expressing most innocently “how come I am crying for a person whom I met a mere 4 days back”? She was overwhelmed and unable to fully express the feelings in her heart of what she was going through.

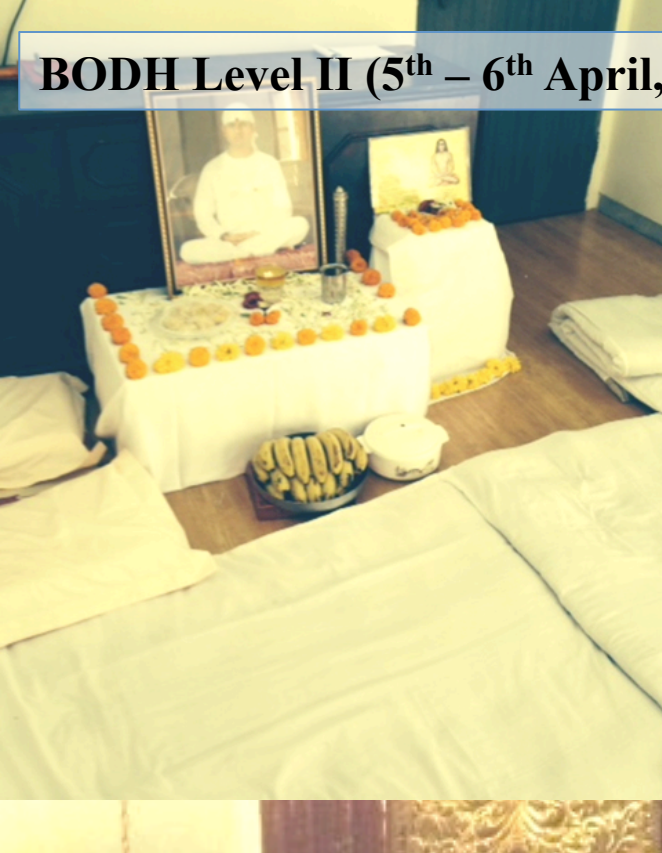

Such was the transformation that each and every seeker willingly and with great devotion offered their deepest gratitude by doing “sashtang pranam” (complete prostration) to their newly found Master Dadashreeji.

Ms Olga from Germany: *“There was a very loving atmosphere which I clearly felt was coming from the heart of all these unknown people I met in the Ashram. This love was honest that is what I could sense. This love was there the whole week in the Ashram. I had great and fascinating interactions with Dadashreeji. His simplicity, his presence, his smile, his infant like honest eyes have left a deep impression in my heart. This love which does not expect anything from you, which accepts you just the way you are at that very moment, is breathtaking. I would love to be free from my ego, free of any possessions, demand and desire. Thank you so much for this wonderful experience in India. Best wishes from Olga.”*

Divinity certainly knows no boundaries of culture, religion or country. The wave of transformation has reached Europe!!! Glory be and thanks to our Master Dadashreeji!

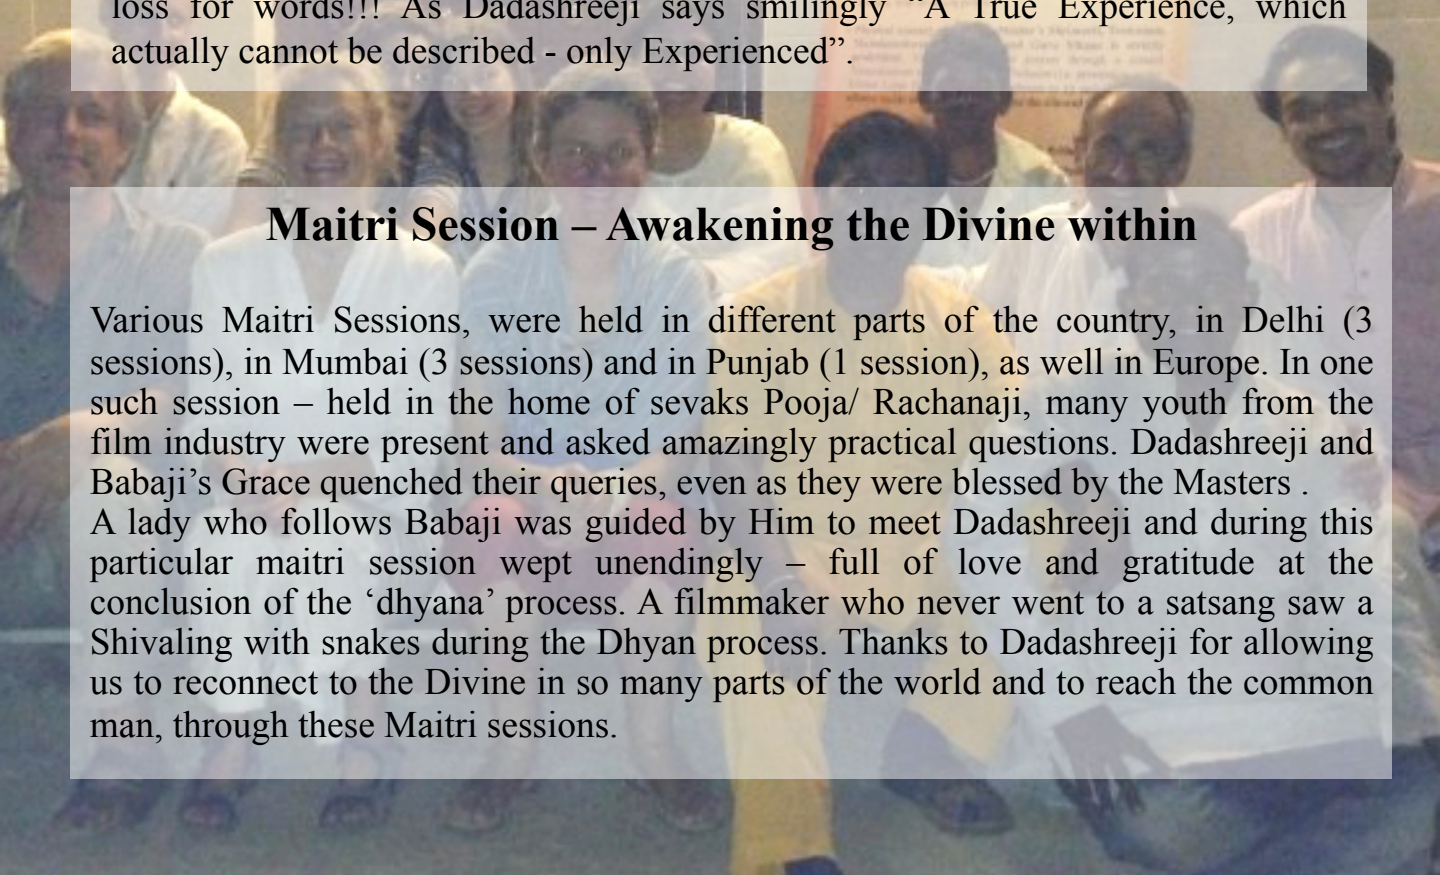

BODH Level II (5th – 6th April, 2014)

The first batch of Bodh Level–II was held on 5th & 6th April, 2014. Approximately 40 devotees took benefit of this session. Bodh level–I (The Awakening), starts with knowledge and ends with Bhakti Pravaah, the Devotion towards the Master. Bodh level–II, takes the seeker to the next level - Purification. Bodh–II works on purification i.e. removal of all unwanted things which are blocking the growth of an individual in their journey towards the Divine Light. The day started with paduka abhishek of our beloved Dadashreeji radiating bhakti in all directions, filling the heart of every devotee with Divine Love. As the day progressed, all seekers

slowly got submerged into the “Journey to the Heart” – the abode of the Divine Light. The journey was accelerated with the “processes” which worked on re-establishing the connection between them and their Divine Father. The session concluded with the Darshan of the Incarnation of Love, our beloved Master Dadashreeji. Each and every participant felt a transformation to the extent that many days subsequent to the Bodh, when asked to describe their Bodh-II experience, they would just pause and have no words to describe it... actually at a loss for words!!! As Dadashreeji says smilingly “A True Experience, which actually cannot be described - only Experienced”.

Maitri Session – Awakening the Divine within

Various Maitri Sessions, were held in different parts of the country, in Delhi (3 sessions), in Mumbai (3 sessions) and in Punjab (1 session), as well in Europe. In one such session – held in the home of sevaks Pooja/ Rachanaji, many youth from the film industry were present and asked amazingly practical questions. Dadashreeji and Babaji’s Grace quenched their queries, even as they were blessed by the Masters .

A lady who follows Babaji was guided by Him to meet Dadashreeji and during this particular maitri session wept unendingly – full of love and gratitude at the conclusion of the ‘dhyana’ process. A filmmaker who never went to a satsang saw a Shivaling with snakes during the Dhyana process. Thanks to Dadashreeji for allowing us to reconnect to the Divine in so many parts of the world and to reach the common man, through these Maitri sessions.

Earth Day, 22 April 2014

YGPT (Youth for Global Peace and Transformation) members under the guidance and grace of our Guiding light Dadashreeji, celebrated 'Earth Day' at Wadala 5-Gardens, along with the 'Laughter Club' in that area. Our youth explained the importance of Mother Earth and how important it is to take care of our earth. Ribbons were tied to the trees to commemorate this occasion, followed by prayers of Universal Peace. This was followed by group 'AUM'

chanting along with Guru-Mantra of Dadashreeji and Babaji. Every one there felt the positive vibrations of 'AUM' within themselves and also in the environment.

Watch this link to see the video of the event:

In Delhi a prayer session of Gratitude towards Mother Earth was held. Thanks to Mother Earth was expressed - for all the things that she has given us so unconditionally, and seeking her forgiveness for all the pain and hurt that we cause so unthinkingly and selfishly. Aum chanting was done, to send the Grace of the Masters and the Healing Energies to alleviate Her pain.

Prem Pravaah, 8th April, 2014

MaitriBodh Parivaar had promised the people of Lakhi Banjara Basti, Gurgaon of their continuous support after Prem Utsav which was held on 8th April. On the occasion of Ram Navami, the Delhi Maitri Bodh Parivaar decided to organize 'Prem Pravaah'- a time to share love and experience the joy of being with the Basti people. Annadaan was organized in which cooked food and fruit was served to each family. Every family was also given a big matka (earthen pitcher) to store water during the summer. These matkas would provide the families with cold drinking water. As they do not have access to electricity, hand held fans were distributed to each family. A First Aid box containing all the basic medicines including how to use Oral Rehydration Solution and Glucose was and handed over to the Basti Mukhiya (headman). How to administer each medicine was labelled in Hindi on the packet for easy reference. We plan to visit the Basti again soon and continue supporting them.

Bal Umang, 8th April, 2014

On the auspicious occasion of Ram Navmi, on the 8th of April 2014, the first Delhi YGPT initiative – Bal Umang – was completed. The objective of this interactive event at Lakhi Banjara Village, Gurgaon, was to share and enjoy with the children, to make them smile a little more widely and shine a little more brightly.

A group of 14 passionate youth started the event started with flower pot decoration. Small flower pots had been brought for the children and they happily embellished them with colours and mirrors. There was so much joy in the faces of the children as they meticulously worked on the little pots. Bottle painting activity followed. The faces of the children shone brightly as they poured the colours into their bottles.

The team of youth worked together with great zeal and enthusiasm. The passion to interact with the children and bring a smile on their faces coursed through everyone like a current. We left with heavy hearts- yet we were overflowing with Love and Joy with thanks of having been given an opportunity to share.
