

## From the Editor's Desk

Dear Parivaar,

Welcome to this new column in our newsletter 'Anahita', to highlight our worldwide activities, with an attempt to convey how we are expanding and the Grace of our Divine Friend Dadashreeji is showering in the lives of so many.

The month of September 2014 saw a huge shift in the long awaited transformation after much planning with many activities of our family bringing in a change in the lives of people in various parts of not only India but also in Europe and USA. It was a historical moment for humanity to witness, as for the first time the lotus feet of Dadashreeji graced Europe. As Dadashreeji often says "there are many of His friends awaiting Him for long abroad". We witnessed the truth of his words when we beheld that longing and instant connection of the many seekers who attended Bodh in Firenze (Italy), Berlin (Germany) and Winterthur (Switzerland) last month.

It's such an honor for anyone to be associated with MaitriBodh Parivaar, as you will read the details of these 3 Bodh's and experiences of so many in the subsequent pages. A similar wave of transformation reached USA, as disciples of Dadashreeji reached out to many people in various cities in USA and Canada through Maitri sessions and personal meetings, which shall continue this month as well.

This month also saw a series of events in various parts of India and many many heartfelt thanks to the sevaks from regions of Delhi, Punjab, Pune, Coimbatore, Bangalore, Mumbai and without doubt to the other devotees silently working all over the world with Dadashreeji living in their hearts, bringing about a transformation that will only increase and multiply with time, to be witnessed in awe by the whole world.

- On behalf of MaitriBodh Parivaar.

# BODH IN EUROPE

With the hard work and efforts of Mitras and Maitreyis (especially Mitra Kaivalyaji, Silvanoji, Stefanji and the rest of the Sevak team) and our Masters unconditional love, grace and blessings, mankind witnessed a historical moment in Europe this month (September). In Dadashreeji's first interaction, benevolence, love and grace was showered upon a group of 35 seekers in the deeply spiritual and holy land of Florence/Firenze, Italy on 13/14 Sept' 14. One seeker from the group confessed, "I am here because I am chosen by You and Divinity. I have no choice. For the first time in my life, I don't know what to do! I am here to experience and receive unconditional love, grace and blessings that you, our Master, Dadashreeji is showering upon us. Thank you Dadashreeji for coming to Europe. Thank you everyone for your sincere prayers and love". We congratulate everyone in the parivaar as a new journey unfolds with our Fathers' physical arrival in Europe. Another person who came from Romania said "when he came for Shakti Pravaah he could see a huge light around Dadashreeji and many divine souls standing behind him". A lady was in continuous tears and shared "for the first time I felt peace which I have never experienced before". Another said that he has been to many such events and for the first time he felt something that he cannot express.

The journey continued with the next Bodh (on 20/21 Sept) in Berlin, Germany being one of the most profound and transformational one seen in recent years. Though people were fixed in their opinions, perception and ideas, it took a little time but Dada was patient and loving. He entered their hearts effortlessly bringing about the requisite transformation. A shift of energy and transformation come about in Germany, with an intense Shakti Pravaah, following which seekers were left speechless. One lady said that after she slept on Sunday night, when she woke up on Monday it was as if it was a new birth. Everything was fresh and alive. She walked to office in bliss. Work was a joy.

The final climax was in the last Bodh on 27/28 Sept in Winterthur, Switzerland, during this trip, which saw a most wondrous completion, with about 70 participants

receiving divine grace of our beloved Master Dadashreeji. What a transformation and blessings each one experienced, with most left dumb-founded, unable to express their experience at the end. One of the ladies said, she had waited for about 30 years to see Mahavataar Babaji, whom she experienced and felt during Bhakti Pravaah.

A music research scientist from Austria (helping patients with illnesses to heal through music), said never before has she felt vibrations which she felt during various processes in this Bodh, and was left perplexed. The lady who could not decide whether to come to Bodh, got this vision few days before Bodh during her meditation, when she felt she was speaking to God and God told her to come here!

Many who came with major doubts and questions before the Bodh, left smiling with a deep feeling of love and gratitude, and expressed wholeheartedly to all the sevaks. Cheers to Kaivalyaji and the hard work of the entire Europe Sevak team.

A major lesson to learn was also the dedication of the small group of sevaks from Europe. Each one did whatever asked, without raising any questions and were only interested in the seva, not expecting anything in return. It was amazing to see few seekers who attended the first Bodh in Firenze, came in for selfless seva during the next Bodhs – what a transformation and connection to offer seva after just one Bodh!

*Glory to our Master!!!*

Our Mitras have been requested by Dadashreeji to take the message of love and transformation to the people of the United States. Accordingly, they left India in early September and started the first Maitreyi sessions from San Francisco where they connected with 35 people. Subsequently they conducted many sessions back to back at Los Angeles, meeting and introducing many enthusiastic seekers. They have been travelling constantly helped by many of the seekers themselves who have opened their hearts and homes to them. They have held more sessions in Austin and Houston and are now travelling to Chicago, New York, New Jersey, Connecticut and other cities where they will hold more talks and Maitri sessions in people's homes as well as in temples.

# AATMASANGAM – GURGAON

On 20<sup>th</sup> September several prison inmates awaited the visit of the MaitriBodh Parivaar, quite unaware of what the purpose was. It seemed enough to just have someone want to visit them. The wards of the prison are separate for men and women and so separate parallel Maitri sessions were held in both wards by Mitras and Maitreyis of the MaitriBodh

Parivaar for around 350 men and 50 women.

There was an initial hesitation by the inmates but as the session flowed, a deep sense of comfort and acceptance was felt by them. Many were curious about the Master and Dadashreeji mantra was shared with them. All present communed beautifully during Sambodh Dhyam. A yoga session on pranayam was held for the men and melodious Bhajans where all joined in were sung by our Maitreyis in the ladies ward.

The presence of Dada was very strong through the session. After the Sambodh Dhyam process, one of the inmates shared seeing a Shiva lingam. After the session quite a few inmates asked about the Ashram and the Mission, and expressed deep interest to attend sessions once they were released.

It was truly an evening of blessings, grace and love. We all left with a lot of peace and happiness in our hearts. We would like to visit them regularly and take our Master's teachings and his unconditional love and grace for all.

If it were not for our Master, would we have ever cared to reach out like this? Would we feel unconditional love for all just like what we experienced? Would we know the joy of Atmasangam?

*Our deepest gratitude to Dadashreeji.*

## DHYAAN SESSION FOR EMPLOYEES - PUNE

With the grace of Dadashreeji, a meditation session was organized in Bhosari, Pune on Sept 17<sup>th</sup> for a staff of about 25 employees. The employees experienced peace and tranquility as the session progressed. Few wanted to know more about the sessions and MaitriBodh Parivaar and requested that these sessions become a monthly routine.

## INSIGHTS INTO STRESS MANAGEMENT – PANVEL

With the supreme grace of our Divine Friend Dadashreeji, MaitriBodh Parivaar organized its first ever session on "Stress Management" on Sunday 7<sup>th</sup> Sept at Pen, near Panvel (for a staff of about 125 employees). Special thanks to Smita Sansare and Mr. Sansare for the amazing event organized in their factory. All members of their factory received amazing grace of our beloved Dadashreeji. It was a divine experience for these workers and managers, who are now craving to meet again!

## MEMORY WORKSHOP BY YGPT– MUMBAI

A memory training workshop was conducted at SIWS College, Wadala, Mumbai, Maharashtra on 6<sup>th</sup> Sept 2014. The workshop started at 11am with an introduction to memory – how it functions and how it can be improved. Three tests were administered to the about 50 students to check their current memory status

following which, they were taught techniques to improve memory. The tests were repeated at the end – to document any increase in memory power. The session ended with an introduction to YGPT and what YGPT aims to do for the youth.

In an effort to inculcate the spirit of love and affection for animals, YGPT Delhi, organized the event – Jeev Karuna, on 21<sup>st</sup> Sept 2014. It was a visit to animals sheltered at the Kalyani Animal Welfare Foundation, which houses about 70 dogs and 30 cats.

With 21 youth participating in the event, there was an overflow of love and compassion. Some of the dogs were ill, traumatized or had skin diseases. The Maitreys chanted Dadashreeji mantra sending healing energies to the beautiful creatures.

Before the visit, a significant amount of food items and monetary funds were raised to help the shelter pay various pending bills.

The session ended with a small note of gratitude and prayer. 'Om' chanting was done with the intention that the animals there receive love, positivity and healing energy.

## JEEV KARUNA – DELHI

## Message from the Master

Dear Friends,

The recent work done by members of our family for the benefit of mankind has truly touched my heart. Through your untiring efforts and selfless contribution towards the higher cause – Divinity has been touched to its very Core. I thank you individually as well as collectively, for all those who worked, those who prayed, those who felt from their hearts for mankind and the mission, those who strengthened the mission, those who participated in the mission's work, those who opposed our work, and to the many who were blessed through its services.

The current changes on the planet are truly worth noticing. Your prayers are compelling me to answer your questions about the coming time for us all. As you would be aware by now, all of us and the Earth are moving towards "The Divine Age" – free of pain, discord and dissonance. All that which is happening due to actions taken now, seen or unseen, is leading humanity towards "The Divine Age". There is no other choice. What is left - is the path to reach it.

To witness "The Divine Age", mankind would pass through four phases over time to come. The initial phase namely that of "transformation" has already begun. Many seekers and devotees would receive the message "change yourself – within". Humanity's role is simply to invite and embrace the Grace – for the transformative change to occur. One need not do much during this period of time. Divine Grace would numb your chattering mind and channel it towards the very purpose of your existence.

Transformation would be followed by Dissolution; the process of churning out and dissolving the unwanted. It would happen individually as well as collectively. Those who are well transformed would flow easily towards the next phase in time. I can happily affirm that many members of our family have already been transformed and others are nearing the end the of the transformation process.

The work of the MaitriBodh Parivaar is reassuring and instilling hope for Mother Earth. Through their daily prayers, selfless and consistence service, the MaitriBodh Parivaar family is rapidly forging ahead and growing through its positive actions – which would culminate in the long awaited shift and transformation in the Universal Consciousness.

MaitriBodh Parivaar has a vision of one world, one community and one truth. All are welcome to be part of this family. Based on current happenings, those who feel or anticipate the same truth and shift, are invited to become members of this loving family. The bond of love within the MaitriBodh Parivaar promises the very future we have envisaged. The love of this family cannot be hidden, altered or limited any longer – as it radiates in all directions. I can see higher purpose of love we all share...

Love and Blessings,  
Dadashreeji
