

From the Editor's Desk

Dear Divine Souls,

Half of 2015 has already passed and things have been moving very fast indeed for the MaitriBodh Parivaar. With multiple Bodhs, Maitri Sessions, Healing Sessions and cutting edge work by the YGPT members through India, Europe and the Middle East, the Parivaar is truly on a roll. Our members are offering Seva to humanity in an unprecedented and unrelenting fashion.

Our Divine Friend Dadashreeji has recently concluded a long visit to Europe where Bodhs, public Darshans, a first ever CEE management summit and also the setting up of the European team in a long awaited Manthan took place.

The latter half of the year promises an increase in speed and deliverables spectacularly. Dadashreeji will be travelling to North America. His devotees have worked tirelessly over the past two years ever since the first Maitri Manthan at Wardha to make this trip a reality. We pray that more and more of His devotees are able to take advantage of His travelling abroad and finding a place at the Master's Lotus Feet.

Mitras and Maitreyis are working closely for the long awaited Guru Purnima celebrations to be held on 31st July – a day to offer our gratitude to Dadashreeji. This is that one day in the year which is for the benefit of the Devotee. A day when the Master's Grace and Love flows strongly and unceasingly answering all the prayers of His children who are under His care and protection.

- On behalf of **MaitriBodh Parivaar**

Awakening to Self Realization (Bodh I) sessions

Bodh sessions are being held in various towns and cities, in various countries, conducted by specially trained Mitras and Maitreyis so that seekers of spirituality are able to connect with Divinity through Divine Friend Dadashreeji easily. The intent is to go right up to their doorstep if need be so that they too may partake of the love and peace that is our Master.

India

Amritsar

The Bodh on 28th June in Amritsar took the seekers by extreme surprise. Attended by a large number of seekers, each flowed effortlessly in Dada's love, grace and joy. Intensely phenomenal experiences left seekers teary-eyed while others minds were stilled by the profound quiet within. One participant saw Krishna in His Narayan Avatar present throughout the session, while another saw myriad blue lights. The intense love felt at the end of the session left seekers floating in joy. Seekers were unable to adequately articulate their gratitude towards Dadashreeji.

Chandigarh

A group of seekers were completely enveloped by Dadashreeji's Grace and Love on a bright Sunday morning at the Bodh held at Panchkula, Chandigarh on 7th June. One participant shared that though he had read lots of books and had immense knowledge, Dadashreeji's simple yet profound teachings gave meaning and an insight for the first time to all this bookish learning. One elderly lady started singing spontaneously while another was so full of emotion that she was unable to speak. The seekers came empty handed but left with profound experiences and full of grace of our beloved Dadashreeji. Another beautiful session took place in Chandigarh on 27th June.

Delhi

The Bodh at Lajpat Nagar in New Delhi was extremely interactive, with active participation by the youngsters. Dadashreeji's teachings and the practical examples helped everybody develop a clear understanding of the need and ways of awakening the Self. Grace flowed in abundance, enveloping everyone in Divine Love and Peace.

Kolkata

Seekers in the Bodh in Kolkata experienced Dadashreeji's Love and Grace throughout the session. They journey towards the truth was embellished with thought provoking questions and meaningful discussions culminating in the Shakti Pravaah subsequent to which a serene calm prevailed. A seeker felt the presence of Dadashreeji and was overcome by strong emotions upon seeing Dadashreeji's Shrimurti.

Mumbai

Seekers attending the Bodh at Dadar were taken on a journey of self realization and inner awakening. It culminated in the experience of a wondrous peace after the Sambodh Dhyaan session. They connected with ease to their inner Dadashreeji and left with beautiful feelings of love and peace.

Darshans in Europe

Milan – 18th June | Rome – 22nd June

Awakening to Self Realization (Bodh I)

Dubai – 19th & 20th June

Munich – 28th June | Vienna – 29th & 30th June

Dubai

Divine energies flowed in abundance in the Bodh sessions held in Dubai. Participants felt tremendous vibrations during the session. One participant a bio-scientist by profession felt each cell vibrating with immense energy. Another was transfixed, yet others cried without cause. All felt the peace and bliss generated during the session.

Vienna and Munich

The seekers who came for the Bodh sessions in Vienna and in Munich were touched to the core by the simple yet profound teachings of Dadashreeji. They were overwhelmed with the feeling of love. Many seekers requested for Dadashreeji's Shrimurti and thus began their spiritual journey towards the ultimate truth! All experienced deep peace, love and gratitude towards the Master.

Milan

Over 100 seekers came to listen, learn and experience Dadashreeji during a Darshan in Milan (Italy) on the 18th of June. Dadashreeji spoke on how one can live life practically yet in simplicity and bliss. He reduced complex matters into simple words – understandable by all – winning everyone hearts in the process. The seekers were blessed by a session filled with intense loving energy. Heart's touched, emotions overflowed and Love, Grace and Bliss resonated in each and every Soul.

Rome

The Darshan was very intense with over 40 seekers who felt a huge shift and transformation within – by just being in the divine presence of the Master. Dadashreeji re-iterated the relevance of the Christian seat of Divine love, the city of Rome, Jesus' message of love to mankind and also highlighted the importance of 'International Yoga Day' celebrated just a day prior to the event.

Maitri Manthan – 6th June

The first ever European Maitri Manthan in the divine presence of Dadashreeji was held in Wila close to Zurich (Switzerland) and was attended by twenty-five Mitras and Maitreys from Austria, Denmark, Germany, Great Britain, Italy and Switzerland. The purpose was to review activities conducted over the past few months and plan for upcoming events.

Tree Planting – 5th June

Delhi: The World Environment Day was celebrated by MaitriBodh Parivaar by planting tree saplings in Vasant Kunj area of South Delhi. Everybody present was proud to be a part of an event, which was a small contribution towards making earth a greener and less polluted place.

Children Meditation – 8th June

Delhi: Chanting the Divine Sound of 'OM', children in Delhi's Vasant Kunj introduced themselves to Dadashreeji requesting for his guidance and help so that they could become better human beings and serve society and the nation. Divine Friend Dadashreeji's blessings rained down on the children who are naturally close to God.

Chhabeel – 10th & 20th June

Delhi: Being in an arid zone close to the Thar Desert, Delhites are taught as children than offering cold water to the thirsty is the greatest good that one can do in the eyes of God. Accordingly members of the Parivaar led by YGPT volunteers gathered together on two hot and dusty June afternoons and offered cold sharbat, sweetened milk and water to about 500 thirsty people each day on the main road in Vasant Kunj. Babaji and Dadashreeji's blessings rained down upon all who were lucky enough to be at the venue.

Havan

Many *Havans* were conducted at the residences and offices of devotees in the month of June. Though there is no fixed path for grace to flow in one's life, a *Havan* is a one of the many processes which helps in removing blocks (karmic baggage) and delivers our prayers and offerings directly to the Divine. One may offer specific prayers to receive grace to attain certain things or request for the removal of the blocks hampering our growth either spiritual or material. It is a process of sending our prayers to the Divine and in turn receiving His Grace and blessings!

Prayer and Healing Sessions

Delhi – 12th June | Mumbai – 13th June | Pune – 20th June

A Healing and Prayer Session held at Goregaon (West) in Mumbai was a spiritually uplifting experience. A short discussion on the purpose of life, our existence and the essence of 'giving' which eventually results in one's spiritual growth was shared with all seekers. The session in Pune lasting two hours was attended by spiritual seekers most of whom came for the first time. The participant's felt peace and calm after the meditation. Healing was conducted by specially trained Mitras and Maitreyis. Healing takes place not only at the physical level but at many other levels helping the seeker tremendously.

A New Day

Dear Friends!

A New day and a New Life!

It has been always like that! What remains the same however is love. Love – the ever flowing, non-binding, joyful nature of the 'Self'. This powerful Divine force flowed strongly throughout my visit to Europe. Meeting our friends there was divine, precious and unforgettable. With their support, I was able to touch many hearts, bless many souls tirelessly. I could see and feel the wave of love transforming people extensively around the world.

The current scenario in the mundane world is that of 'challenges'. It sends off alarms to others due to the worrisome events that are unfolding. Nations are unsure of which direction to take for their growth. The growth and development that humanity has achieved together since the ages past is 'on test'. No amount of discoveries nor achievements can provide a safe future for the planet nor humanity. How can humanity grow during this critical time as single unit? Political boundaries have divided countries, religions have divided people, communities have divided societies, money has replaced values and families are divided by selfishness. Making it to the finishing line in such a scenario of a broken, fractured and handicapped state seems well – nigh impossible. However, with little choice left, one has to prepare and strengthen the self.

The limited human mind is trying to understand and achieve all that it can. The human mind on its journey has lost its way somewhere, it has dissociated itself from its base. To get back on track and to re-connect – there has to be a way, a path and a new beginning for all.

It is only the Path of Love – Maitri that can help you and society in forging ahead. The worries and queries of life, slough off with the awakening of love within. All understanding and logic of the judgmental and conditioned mind is silenced when it encounters 'that truth'. The incessantly chattering mind surrenders itself – reduced to silence – when one witnesses true love within. As you evolve and grow on your path, you actively affect the world thus causing a positive shift for planet Earth.

My request to all of you is, care for the planet and work for the planet. Remember, this care is not limited to Mother Nature alone – but is also meant for the people around you.

Be instrumental in helping society. It becomes your solemn duty to pass love on to others.

Make the right choices in life!

*Love and Blessings!
Dadashreeji*
